5. Chairman's Report: (Previously circulated). Andy highlighted how many of the activities of the club were done by volunteers from within the club and expressed encouragement of members to volunteer. The introduction of a volunteer list on the website for specific events was highlighted and asked that members familiarised themselves with this. Max Holland requested that descriptions of common activities requiring volunteers (eg: opening up the clubhouse for tournaments) be generated. Carol Collins pointed out that attendees at the AGM were generally those who do actively support the club and the club needs to get the volunteering message across to a wider section of the membership. Andy agreed to raise Max and Carol's points at the next committee meeting. Andy pointed out that the CA was trying to get more younger people involved in the game and made reference to the CA electronic newsletter which club members should be receiving. If members are not receiving this please let Andy know.
6. Accounts: previously circulated. Mike Burrow explained that comparison with previous years accounts was difficult due to effect of COVID which had reduced income from Tournaments and Catering but had partially been offset by COVID relief grants. The club is expecting a review of rates paid to Kingston Council in the region of £1000.00 and there is an anticipated increase in fees for lawn mowing. Harry Midgley had not expressed any issues with last year's accounts and partial approval was given and a formal statement of review with be provided in due course in a future newsletter.  
The card payment system introduced last year took about £10,000 in total.

There were no other comments on the accounts

Mike Burrow pointed out that it was likely that the actual 2022 inflation rate would be higher than this.  
The expected cost of purchasing new balls prior to the World AC Championships was queried. Andy responded that the current balls which were about 20 years old would cost about £6-7,000 to replace.

Guest fees will remain unchanged.
